

Dogtown Resort

Dear Friends,

Dogtown Resort has a new owner!!

Beginning September 1, Carolyn Manley will be running Dogtown. We know she will be an excellent owner/operator.

Carolyn has been Dogtown's number one customer since we opened for business in 2005. She has boarded her two dogs Abby and Lucy with us 60 times. Needless to say, when she approached us about buying the place, we knew she understood Dogtown already. In addition, Carolyn has been working closely with us all summer in order to learn every detail of our business.

Carolyn will be living on property, which will allow her to oversee the operation 24/7.

Most importantly, Carolyn is a true animal lover. She bought Dogtown because of her desire to have a career involving working with dogs and cats. She is also committed to continue caring for the rescue dogs that reside at Dogtown.

There will be a slight price increase this Fall and it is something that probably is long overdue. We have not had a single change in our prices since we opened more than four years ago and our labor, equipment and utility costs have risen steadily. If we had not sold Dogtown we were planning on raising prices on our own this Fall.

We once again want to thank all of you for your friendship and your business.

We will miss you a little.

We will miss your dogs a lot.

We would give you our forwarding address, but we don't have one! We are planning on being grandparents and gypsies for the next few months.

Russ Kay

New owner Carolyn Manley with Russ and Kay Culver and two resident rescue dogs, Sandy and Sam.
